Week 11 (16th March - 22nd March, 2026)

Date of meeting: 21st March, 2026
Time 8:00 PM
Duration 20 minutes

Work completed:
- Implemented a module for minting token in Cosmos chain
- Studied EVM and Ethereum basics
- Developed and deployed an ERC-20 token contract using Hardhat on a Cosmos EVM chain
- Developed an explorer in Golang to check status of the chain
