Week 12 (23rd March - 29th March, 2026)

Date of meeting : 28th March, 2026
Time 8:00PM
Duration 20 minutes

Work completed
- Add swagger documentation for the ERC-20 token application
- Studied gRPC, their applications and implementations using protocal buffers.
- Developed a CRUD application using ~~G~~ gRPC and protocal buffers.
- Performed cosmetic changes in the Cosmos EVM chain and swagger docs.
